MAY 2022

KULP Gives Back ROOFING GIVEAWAY

Throughout the months of April and May 2022, Kulp Roofing & Construction, Inc. will encourage local residents to nominate a family for a roof replacement and gutter install (including a leaf protection system) at no cost to the family. The person nominating the family must submit an entry that outlines why this family is in need of a roof and gutter replacement and what makes them a worthy family to in fact complete this project.

The entry letter should be as complete and thoughtful as possible and must include the family's home address along with a phone number and email so we can inform the winner when they have been chosen. The family must reside in our service area which includes Berks, Bucks, Carbon, Lehigh, Monroe, Montgomery, Northampton, and Schuylkill counties.

Our "Kulp Gives Back" promotion was a huge success last year and the smiles it brought to our employees faces and Anne Mae's (last year's winner) face proved how great it is to give back to those who sometimes need a hand," said Ryan Hogan, Kulp Roofing & Construction, Inc. Sales and Marketing Manager. "This was all we needed to see to make us give it a go again this year. Thanks to great support from our manufacturer and media partners our hope is to get the word out and give another well deserving family in the area a new roof, gutter, and leaf protection system."

Please visit KulpRoofing.com/KulpGivesBack for more information on how to nominate a family or scan the QR code above.

- Winner Receives Award** July 8, 2022
- Can Request Winner by Mail** ... August 1, 2022
- Job Completion** October 31, 2022

Financing is Available

With inflation being at an all-time high your dollar just isn't going as far today. Supply chain issues and labor related problems have led to an increase in material costs and have many customers question can I go without that new roof for a while?

We all know that small problems lead to bigger problems when not addressed and your roof is no different. Putting off that roof replacement can lead to interior damage, rotted roof decking, mold issues, and so much more costing you thousands of dollars in the long run.

Let us help you alleviate the financial burden and the stress caused when money is tight. We have many financial partners offering a variety of terms from 7-year financing options all the way down to no interest for 18 months with minimum monthly payments (usually 3% of the funds acquired).

Ask one of our estimators today for more information as we are here to help in any way we can.

ROOFING INSPECTIONS

When it comes to inspections, the best thing about a shingled roof is that it is easy to see when it is in need of some upkeep or a replacement.

You can easily step back and take a look for yourself. If you notice shingles buckling, discoloration, ones missing, others cracking, or issues that just don't look normal, it's time to have an inspection done.

If these aforementioned issues are in plain sight don't wait. The best thing you can do is be proactive. A ruptured or missing shingle can easily add to the deterioration of the underlayment, the rotting of the roof's wood decking causing mold and other costly issues to occur.

If you're unsure about the condition of your roof give us a call. We can come out and investigate your roof providing a detailed roof inspection. The process is easy in which a roofing technician(s) come to your property, check shingles, flashing, ridge vents, pipe collars, and more. We will even provide you with an honest recommendation as to how long we believe the lifespan of your roof has remaining.

Remember the best care for your home is preventative care.

Roofing and What It Takes

When you look at the top of your home or your neighbors you probably just see a roof. But there is so much more. A roofing job requires two things: great workmanship and materials. Without both you're doomed for failure. At Kulp Roofing & Construction, Inc. we make a point to use quality materials and strive for a 5-star installation that our customers are willing to rave about.

Our friends at GAF have taken the time to outline in great detail what it takes to make a great roofing system and all the components it entails. Take a quick read so the next time you look at your roof you'll see so much more than just shingles.

WHAT IT TAKES

KULP ROOFING & CONSTRUCTION WINS "BEST ROOFER" IN 2022 BUCKS HAPPENING LIST

Thank you to everyone who voted for Kulp Roofing & Construction in this year's Bucks Happening List!

The annual list includes nominees who must operate within the following territories:

Hunterdon County (NJ), Bucks County (PA), Philadelphia (PA), Montgomery County (PA)

We are once again winners of the Roofing category!

We're excited to be winners again and owe it not only to our tremendous and hardworking staff, but also our customers. Thank you for voting for us!

Add a leaf protection system to any FULL gutter system installation and save 15% off the entire estimate

Free 100' of 5K seamless gutter with any roof purchase exceeding \$5,000*

5% off all siding installation with a roof purchase of \$10,000 or more

5% off any GAF (Good, Better, or Best) roofing system

If you have had one of these services completed within the last 10 days, please call our office. One coupon per household and can't be combined with other offers. Expires May 31, 2022.

**Any application that isn't standard flat fascia board may incur some additional charges.*
